

Instructions: For each of the questions, please use the scantron sheet to give the one answer that comes closest to how you feel. There are no right or wrong answers, and all of your answers will be kept completely confidential. No one – your teachers, your parents, or the school administration – will know how you answered.

1. Are you subject to random drug and alcohol testing at school?

- a) Yes, but only because I'm involved in extra-curricular activities
- b) Yes, but only because I or my parents agreed to the random testing
- c) Yes, because I'm in extra-curricular activities and agreed to the random testing
- d) No, I'm not
- e) I don't know

2. Have you ever been randomly tested for drugs and alcohol at school?

- a) No, I'm not a part of the random testing program
- b) No, I'm a part of the testing program, but I've never been called
- c) Yes, I've been called, but not in the last year
- d) Yes, I've been called in the last year

3. What do you think the odds are that you will be chosen for the random drug and alcohol testing sometime in this school year?

- a) No chance, because I'm not a part of the random testing program
- b) They won't choose me
- c) It could happen, but it isn't very likely
- d) There's about a 50-50 chance that it will happen
- e) It will probably happen

4. When did you begin attending schools in this district?

- a) I started here this year
- b) This is my second year here
- c) This is my third year here
- d) This is my fourth year here
- e) I've been here five years or more

5. How many houses or apartments has your family lived in since you were born?

- a) Just one place
- b) Two places
- c) Three places
- d) Four or five places
- e) Six or more places

6. If you had to choose, how would you describe your race or ethnic background?

- a) African-American
- b) Hispanic or Chicano/a
- c) Asian-American
- d) Caucasian or White
- e) Other

7. If you had to guess, about how many of the people in this class right now drank alcohol last weekend?

- a) No one
- b) Just a couple of people
- c) More than a couple, but less than half
- d) More than half
- e) Almost everyone

8. If you had to guess, about how many of the people in this class right now used drugs other than alcohol last weekend?

- a) No one
- b) Just a couple of people
- c) More than a couple, but less than half
- d) More than half
- e) Almost everyone

9. When was the last time that you, personally, drank alcohol?

- a) I've never drank alcohol
- b) I've had alcohol sometime this week
- c) I had alcohol sometime last weekend
- d) I had alcohol sometime in the past month, but not in the last week
- e) I had alcohol sometime last summer, or before

10. When was the last time that you, personally, used drugs other than alcohol?

- a) I've never used drugs.
- b) I've used drugs sometime this week
- c) I used drugs sometime last weekend
- d) I used drugs sometime in the past month, but not in the last week
- e) I used drugs sometime last summer, or before

11. In your experience, about how much does a dime bag of marijuana cost around here?

- a) Don't know
- b) \$15 or less
- c) Between \$15 and \$20
- d) Between \$20 and \$25
- e) \$25 or more

12. In your experience, about how much does an eight ball cost around here?

- a) Don't know
- b) Less than \$20
- c) Between \$20 and \$50
- d) Between \$50 and \$100
- e) More than \$100

13. Sometimes, parents discuss drugs and alcohol with their kids in one big "talk"; other parents discuss drugs and alcohol with their kids more often. What comes closest to describing how much you and your parents have talked about drugs and alcohol?

- a) We had the "talk," but no other conversations, about drugs and alcohol
- b) We had the "talk," and other regular conversations about drugs and alcohol
- c) We have regular conversations about drugs and alcohol
- d) I know what they think, so there's been no need to talk about drugs and alcohol
- e) We haven't talked about drugs and alcohol, so I'm not sure what they think

- a) Much less dangerous than other drugs
- b) A little less dangerous than other drugs
- c) They're about as dangerous as other drugs
- d) A little more dangerous than other drugs
- e) Much more dangerous than other drugs

15. If you had to guess, what proportion of people your age drink alcohol at least once a month?

- a) Almost no one
- b) A few, but less than a quarter
- c) More than a quarter, but less than half
- d) More than half, but not everyone
- e) Almost everyone

16. If you had to guess, what proportion of people your age use drugs other than alcohol at least once a month?

- a) Almost no one
- b) A few, but less than a quarter
- c) More than a quarter, but less than half
- d) More than half, but not everyone
- e) Almost everyone

17. In terms of your health, how dangerous is drinking alcohol for people your age?

- a) I don't know
- b) It doesn't have any real health consequences
- c) It is likely to have some mild health consequences, but they're not serious or too long-lasting
- d) It is likely to have some serious health consequences, but they won't be long-lasting or fatal
- e) It is likely to cause serious long-term damage, or even death

18. In terms of your health, how dangerous is using marijuana for people your age?

- a) I don't know
- b) It doesn't have any real health consequences
- c) It is likely to have some mild health consequences, but they're not serious or too long-lasting
- d) It is likely to have some serious health consequences, but they won't be long-lasting or fatal
- e) It is likely to cause serious long-term damage, or even death

19. How dangerous is using prescription drugs not prescribed to you for people your age?

- a) I don't know
- b) It doesn't have any real health consequences
- c) It is likely to have some mild health consequences, but they're not serious or too long-lasting
- d) It is likely to have some serious health consequences, but they won't be long-lasting or fatal
- e) It is likely to cause serious long-term damage, or even death

20. For the most part, are your friends part of the random drug and alcohol testing program?

- a) I don't know
- b) None, or almost none, of them participate
- c) Most of them don't participate
- d) Most of them do participate
- e) All, or almost all, of them participate

21. What comes closest to describing how you and your parent(s) made the decision about enrolling or not enrolling in the random drug and alcohol testing program?

- a) I wanted to do it, and my parent(s) and I didn't talk about it.
- b) My parent(s) wanted me to do it, and we didn't talk about it.
- c) I wanted to do it, and talked to my parent(s) about it.
- d) My parent(s) wanted me to do it, and we talked about it.
- e) Neither my parent(s) nor I wanted to do it, and we didn't talk about it.

22. If you had to guess, what percentage of the students in your grade is subject to random drug testing (for any reason)?

- a) Less than 20 percent
- b) 20 to 40 percent
- c) 40 to 60 percent
- d) 60 to 80 percent
- e) More than 80 percent

23. Students involved in extra-curricular activities like sports and band in high school have to be a part of the random drug and alcohol testing. How do you think this changes the number of students involved in these activities?

- a) A lot of students don't do extra-curricular activities because of the testing
- b) Some, but not a lot, of students don't do extra-curricular activities because of the testing
- c) There are very few students who don't do extra-curricular activities because of the testing
- d) Nobody, or almost nobody, doesn't do extra-curricular activities because of the testing
- e) I don't know

24. Students involved in extra-curricular activities like sports and band in high school have to be a part of the random drug and alcohol testing. Has this impacted your decision on whether or not to participate in these activities?

- a) The drug testing requirement is very important to my decision
- b) The drug testing requirement is somewhat important to my decision
- c) The drug testing requirement isn't very important to my decision
- d) The drug testing requirement isn't at all important to my decision

25. Compared to the younger students in your school, would you say that more or less of the older students in this are more likely, or less likely, to be a part of the random drug testing program?

- a) Older students are much less likely to be a part of the program
- b) Older students are a bit less likely to be a part of the program
- c) Older students and younger students are equally likely to be a part of the program
- d) Older students are a bit more likely to be a part of the program
- e) Older students are much more likely to be a part of the program
